Best Practice: - 2 “GURU AT HOME”

At Kamla Nehru College of Pharmacy, we have observed that the students seeking admission to the college come from diverse family and socio-economic backgrounds. It is but natural to expect that each student is unique and may have different learning rates in the college. Therefore, IQAC of Kamla Nehru College of Pharmacy has decided to allocate teachers (Guru) to a group of students residing in the nearby area. As a result, Guru visits the home of these students and interacts with the family members to identify the need gaps for the development of the students and need based guidance of the parents. A representative allocation of the students for academic year 2020-21 is given in the table below:
