Action Taken Report

(2022 – 2023)

In relation to academic syllabus provided by Pharmacy Council of India and suggestions from teachers about curriculum were taken into consideration. Overall Medicinal chemistry should be distributed in four semester rather than three semester due to vast syllabus, provided that Medicinal chemistry should be added in B. Pharm fifth semester after students studied heterocyclic chemistry, practical approach to syllabus is given by conducting extra practical and proving hypothetical concept, restructuring of syllabus should be done to make it more applicable to budding Pharmacists, rearranging the syllabus and better to follow yearly pattern than semester pattern, faculty member have taken introductory practical of Biotechnology, tutorials were engaged for syllabus completion. The same has been communicated to Chairman, Board of studies and Academic Council of RTM Nagpur University, Nagpur and Pharmacy Council of India by the Principal of the institute. Students suggested to conduct more industry oriented workshops for better prospective, Institute internal Board of studies, Training and Placement Committee has put more emphasis industrial training of students and planned to give extra inputs and to organize more industry visit and workshops.
