Action Taken Report

(2021 – 2022)

Reference to current academic syllabus provided by Pharmacy Council of India, majority of stakeholders are satisfied to great extent with the sufficient availability of reference material and books for the topics mentioned in the syllabus, the possibility to cover the syllabus timely. Suggestions from teachers about the curriculum were taken into consideration. As per employer's feedback, syllabus should have industrial applications. Hence topic like Stereo chemistry should be included in Pharmaceutical Organic Chemistry-I, Medicinal Chemistry-I should be included in semester V, Industrially applicable concept should be added in the syllabus. The same has been communicated to the Chairman, Board of Studies and Academic Council of RTM Nagpur University, Nagpur and Pharmacy Council of India by the Principal of the Institute. Alumni suggested to develop communication skill of students. Institute Internal Board of Studies and Academic Monitoring Committee has put more emphasis on communication skills, problem solving attitude, employability skill and planned to give extra inputs to develop their analytical abilities.
