**Objective behind hands on training on sophisticated Instruments**

The students who are good in theoretical learning and aim to learn more by practical training and instrument handling should get a chance to do better in their academic performance. Thus, the college provides this opportunity to allow them to handle instrument themselves and learn more about their working. The instrument in-charge teacher gives training to the student to handle the instrument and further as them to use it on their own. so there handling will build up their confidence this will make them acquainted with the instrument handling which will be useful in their future endeavour.
