NDigital online. is a leading provider of information and educational resources for the digital age. Students, instructors, hobbyists, enthusiasts and lifelong learners in more than 200 countries rely on our products and services to enhance their understanding of both academic and popular subjects.

With over 8 years experience providing a digital and e-commerce services library and online reading and research environment, as well as our dedicated staff of librarians and contractual relationships with more than 300 major publishers, NDigital is without a doubt the best-positioned company for growth in this important industry.

NDigital is a secondary provider (and not a publisher) of content supplied by third parties Accordingly, NDigital-Library has no more editorial control over such content than does a public library, bookstore, or newsstand. Any opinions, advice or statements contained within the content available through our site are those of the respective author(s) or publisher(s) and not of NDigital-Library. NDigital-Library neither endorses nor is responsible for the accuracy or reliability of any opinion, advice or statement contained in the content available through our service.

We do not control third party sites linked to or from our service. We are not responsible for the contents or privacy policy of any linked site. We provide the links only as a convenience and the inclusion of a linked site does not imply endorsement of the site by us.

5. Remote access to e-resources

Registered on free online education SWAYAM: <https://swayam.gov.in/mycourses>

The screenshot shows a web browser window with the URL swayam.gov.in/about. The page features the SWAYAM logo and navigation links: "About Swayam | All Courses | National Coordinators | Local Chapters". A search bar is present with the text "COURSE CATALOG" and "Search Catalog...". The main content area is titled "About SWAYAM" and contains the following text:

SWAYAM is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy.

This is done through a platform that facilitates hosting of all the courses, taught in classrooms from Class 9 till post-graduation to be accessed by anyone, anywhere at any time. All the courses are interactive, prepared by the best teachers in the country and are available, free of cost to any learner. More than 1,000 specially chosen faculty and teachers from across the country have participated in preparing these courses.

The courses hosted on SWAYAM are in 4 quadrants - (1) video lecture, (2) specially prepared reading material that can be downloaded/printed (3) self-assessment tests through tests and quizzes and (4) an online discussion forum for clearing the doubts. Steps have been taken to enrich the learning experience by using audio-video and multi-media and state of the art pedagogy / technology.

In order to ensure that best quality content is produced and delivered, nine National Coordinators have been appointed. They are:

1. AICTE (All India Council for Technical Education) for self-paced and international courses
2. NPTEL (National Programme on Technology Enhanced Learning) for Engineering
3. UGC (University Grants Commission) for non technical post-graduation education
4. CEC (Consortium for Educational Communication) for under-graduate education
5. NCERT (National Council of Educational Research and Training) for school education

The browser's taskbar at the bottom shows the Windows Start button, a search bar with "Type here to search", and various application icons. The system tray on the right indicates the time as 15:46 and the date as 11-01-2021.
