## Importance of Cleanliness

Kamla Nehru College of Pharmacy conducted a one day event on Importance of cleanliness at Bothali village on 3rd February 2016. The event was inaugurated by Dr. S. N. Umathe (Principal of College). He shared few words about importance of cleanliness. When we know that Cleanliness is next to Godliness, so why are we still insensitive towards this issue? Unhygienic conditions can cause many serious health hazards including causing harm to the environment in the form of pollution. In filthy surroundings, germs spread all around, which we cannot see though our naked eyes and how fast these germs multiply we cannot possibly imagine. If pollution will increase in our environment – it will start breeding such diseases as asthma, cancer, chest congestion, lung infection thereby resulting in a person's death. 40 students were participated in the event under the guidance of Asst. Prof. Lokesh Thote, Programme Coordinator and a rally was conducted for awareness of the villagers about the cleanliness. The villagers assured us about the cleanliness of village.
