Action Taken Report (2023-2024)

Considering the academic syllabus prescribed by the Pharmacy Council of India and the suggestions from faculty and students, the following actions have been taken:

1. To enhance student engagement, more interactive sessions and seminars have been scheduled. Faculty members have been instructed to ensure timely syllabus completion, with unit-wise tests implemented to assess student understanding.
2. The library is well-stocked with 40 copies of K.D. Tripathi for Pharmacology, along with a total of 116 titles and 1314 books on Pharmacology. Additional standard reference books will be added annually.
3. Digital learning resources, including digital boards, PPT presentations, digital experiment software, and the digital library, have been integrated into the curriculum to modernize the teaching process.
4. Furthermore, advancements in herbal standardization, particularly the application of modern instruments like chromatography, have been incorporated into the teaching.

Subject: Revised Teaching Sequence for Medicinal Chemistry

It has been decided that the topic of Medicinal Chemistry will be taught after Heterocyclic Chemistry. Faculty members are directed to cover the first five lectures on Heterocyclic Chemistry before proceeding with Medicinal Chemistry. This adjustment has been made for better understanding and logical progression of concepts.

CC to,

1. Principal
2. HOD
